

M.vsc

Masters in Veterinary Science (M.V.Sc.) is a **2 year post graduate program**. Students with a bachelor's degree in Veterinary Science or BVSC only can pursue this course.

Veterinary Science is the branch of science that deals with the prevention, diagnosis and treatment of disease, disorder and injury in non-human animals. The average fee of the master's course may range anywhere between **5000 INR** to **60000 INR**. While in colleges like **Karnataka Veterinary Animal and Fisheries Sciences University, Bidar** the fees is as high as **3.5 lacs**.

After the completion of the degree, one can find employment in both private as well as in various **government animal husbandry departments, poultry farms, dairy farms, Wildlife sanctuaries and zoological parks, private and government veterinary hospitals and clinics** where one can earn from **5,000 to 50,000** on an average, per month.

How to Get Admission in Master of Veterinary Science [MVSc]

Admission in most veterinary colleges like **Assam Agricultural University, Jorhat, Bihar Veterinary College, Patna, Birsa Agricultural University, Ranchi, Bombay Veterinary Science College, Mumbai, College of Veterinary and Animal Sciences, Bikaner** is on the basis of results obtained in the entrance examination conducted by the concerned universities. For admission in Master's Degree program, an **All India Entrance Examination** is conducted by the **Indian Council for Agricultural Research (ICAR)**. The exam is generally conducted in the month of May. The candidate must have secured at least **60%marks**. There will be only one question paper in each major subject group consisting of multiple-choice, objective type questions, and also cross-matching type questions.
